SPONSORSHIP OPPORTUNITIES

TO SPONSOR, PLEASE CONTACT ANNIE BROWN, DIRECTOR OF DEVELOPMENT, AT ANNIE.BROWN@RODALEINSTITUTE.ORG OR 303-241-0282
Organic Farmers Association is a national membership organization for certified organic farmers, farm organizations, and their supporters. We provide a strong and unified voice advocating for the priorities of certified organic farmers.

Our membership structure emphasizes that all organic farms and farmers are equal. No matter the size of the operation, certified organic farmers pay an affordable rate for membership and receive one vote on policy issues. Everyone’s voice is important at the table.

While we work closely with state, regional and national organic farming organizations, only certified organic farmers receive voting privileges in our organization and determine policy positions, allowing us to authentically represent and protect the interests of organic growers nationwide. Additionally, our leadership, including Governing Council and Policy Committee, are comprised of a majority of organic farmers elected by their peers.

To sponsor, please contact Annie Brown, Director of Development at Annie.Brown@RodaleInstitute.org or 303-241-0282
Government policy impacts every step of an organic operation from farm to market, which is why our top priority is to shape and introduce national policies that positively impact our members. Each year Organic Farmers Association surveys all U.S. certified organic farmers on their top policy priorities and drafts policy positions that are ultimately voted on by our farmer members.

Some of our top policy priorities include:

- Compliance and Enforcement
- Dairy and Grain Integrity
- Climate Change
- Importance of Soil

We invite you to learn more about our policy positions at OrganicFarmersAssociation.org
